## Forward-Looking Statements

Certain of the statements made in this document are forward-looking statements (within the meaning of Section 21E of the U.S. Securities and Exchange Act of 1934), which are based on our current assumptions and beliefs in light of the information currently available to us. These forward-looking statements involve known and unknown risks, uncertainties and other factors. Such risks, uncertainties and other factors include, but are not limited to the following:
(1) general conditions in the Japanese or global economy;
(2) unexpected changes in economic, political and legal conditions in countries where we operate;
(3) various export risks which may affect the significant percentage of our revenues derived from overseas sales;
(4) the effect of foreign exchange fluctuations on our results of operations;
(5) intense competitive pressures to which our products are subject;
(6) fluctuations in the price and ability of suppliers to provide the required quantity of raw materials for use in Kyocera's production activities;
(7) manufacturing delays or defects resulting from outsourcing or internal manufacturing processes;
(8) shortages and rising costs of electricity affecting our production and sales activities;
(9) the possibility that future initiatives and in-process research and development may not produce the desired results;
(19) fluctuations in the value of, and impairment losses on, securities and other assets held by us;
(20) impairment losses on long-lived assets, goodwill and intangible assets;
(21) unrealized deferred tax assets and additional liabilities for unrecognized tax benefits;
(22) changes in accounting principles;

Such risks, uncertainties and other factors may cause our actual results, performance, achievements or financial condition to be materially different from any future results, performance, achievements or financial condition expressed or implied by these forward-looking statements. We undertake no obligation to publicly update any forward-looking statements included in this document.
